

Performance Player of the Month

December 2009

Tom Rowe – A Squad

Tom trains once a week on a Tuesday night with the A squad. He has been part of the performance set up for many years, and is the other half of the Rowe brothers.

Despite most of his tennis career being in the shadow of his younger brother, which for any player who has a sibling is not easy to deal with, over the last few years Tom has matured enormously and concentrated on improving his own tennis level. This has seen Tom have much success in recent tournaments, upsetting many players with higher ratings than him; this will most likely see Tom increase his rating from 9.1 to an 8.1 if not higher.

Tom looks like he is really enjoying his tennis at the moment and it shows in his recent form. He managed to reach the club's senior championship final, where he lost a closely fought match against Ed Blake.

Tom had a successful summer in the men's 2nd team, partnering team mate Andy Douglas. Tom was also involved in the winning Fallows cup team and the boys U18 Aegon team. I expect a good 2010 for Tom with his new confidence and enthusiasm for the game.

Tom is another one of our juniors who likes to help the little ones out whether it be on court feeding or rallying with them. He is currently looking to be involved in the coaching side of the sport and will be taking his level 1 tennis assistant's course soon.

Keep up the good work!

Well done Tom

Head of Performance
